Flashlight and Drawer Audit

Pick one drawer, shelf, or basket. The goal is not to buy a pile of gear. Know what is there, what works, and where the light lives.

- ☐ I can name this drawer or shelf
- ☐ A working flashlight or light is here
- ☐ The light is easy to reach without moving a pile
- ☐ Spare batteries or charging cable location is known
- ☐ Broken or unknown items are marked for review
- ☐ One household member besides me knows this place

Drawer / shelf location _____

One small tweak _____

Review date _____

Keep it calm: LED light is a simple default. Follow product labels and local guidance. In danger, contact local emergency services.

Want the full room-by-room known-place checklist? Reed Home Readiness (SKU reed-home-readiness) is the paid companion -- about \$9. Separate PDF; do not merge.
